Knowledge Network Corporation – Summary Compensation Table

Compensation Discussion and Analysis

The organization's process for determining executive compensation is quite simple. As part of the organization's Human Resource Policies, Knowledge Network endeavours to provide compensation comparable to prevailing rates in its competitive marketplace in a manner which is orderly, logical and internally equitable and which recognizes the work performed, level of performance and service contribution. In the case of the CEO, the level of compensation is set by the Chair of the Board of Directors, in consultation with the Ministry of Advanced Education, and is subject to the approval of the Public Sector Employers Council.

As with all management employees, the President & CEO is a member of the College Pension Plan. In addition, the President receives group medical benefits (Life Insurance, AD&D, dental, extended health, short-term disability & MSP) at levels comparable with other management employees as set out in the HR Policies & Procedures. The President & CEO receives a car allowance of \$600/month, which is included as 'All Other Compensation' above.

The organization supports training and professional development for all employees. In the case of the President & CEO, he is eligible for up to \$12,500 annually, which includes a non-receipted professional development allowance of \$5,000. The actual non-receipted amount that he receives each year is included in the 'All Other Compensation' total above.
